## COMPANY PROFILE

Chongqing Lidong Technology Co., Ltd. ("Lidong Technology" for short) was established in 2000; Located in Pulv Industrial Park, Tongliang District, Chongqing, with a superior geographical location and mature transportation network, adjacent to the G93 Chengdu Chongqing Ring Expressway, it can directly reach important transportation and freight nodes such as Chongqing Port, Chongqing New Europe International Railway Freight Distribution Center, and Chongqing Jiangbei Airport within 40 Minutes. The company's factory covers an area of 27000 square meters and currently has 380 employees, including more than 80 design and development, professional management talents. It has multiple modern production lines and has always been at the forefront of the industry in fields such as stamping, welding, phosphating, painting, blow molding, and injection molding;

Lidong Technology is a high-tech enterprise that integrates design, production, sales and services, and can independently develop related products according to customer needs; The company adheres to the management philosophy of "innovation driven, forging ahead" and has formed five product series, including Portable generator Fuel tanks, portable oil drums, marine outboard fuel tanks, outdoor leisure products, and mobile refueling equipment for medium and large agricultural machinery. The products have been popular in Europe, America, Japan, Russia, Southeast Asia and other regions around the world for many years;

Lidong Technology has always adhered to the principle of "customer first, quality first" and has obtained international quality management system certification ISO9001:2015, UN certification, KHK, CARB, EPA, CE, BSCI, FDA; Based on the protection of the natural environment, the company uses raw materials that have passed SGS testing and meet EU environmental standards;

Since its establishment, Lidong Technology has always adhered to the business philosophy of "professionalism, integrity, vitality, and innovation", taking it as its responsibility to meet
